

RYOBI

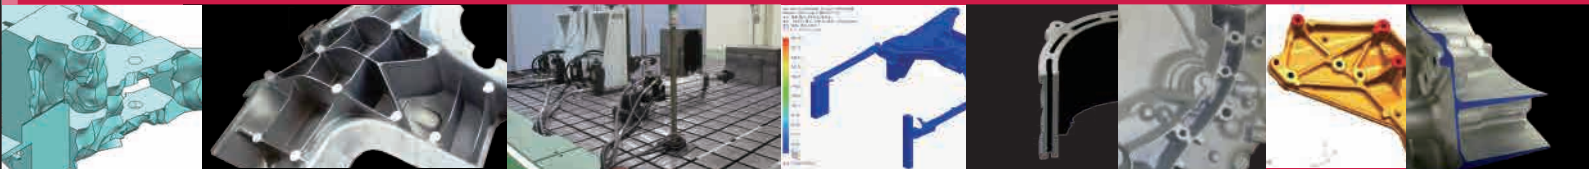

Light Weight Innovation from Japan.

We will be exhibiting at EUROGUSS 2020 - international trade fare for die casting! Euroguss, Europe' s biggest trade fair for die casting is held every 2 years, giving insight on new technologies, processes, and products. At our stand we will introduce our latest technology with the theme, "Light Weight Innovation from Japan." We look forward to seeing you at our stand!

EUROGUSS 2020

Tuesday, 14 - Thursday, 16 January 2020 9:00 ▶ 17:00
Exhibition Centre Nuremberg (Germany) <https://www.euroguss.de>

Stand image
